

ODD FELLOWS END GREAT CONVENTION

Appoint Committee to Select Site for Home in Some Town in Utah.

OFFICERS ARE ELECTED

JOHN MORLEY GRAND MASTER; P. P. CHRISTENSEN DEPUTY.

The closing hours of the annual encampment of the Utah grand lodge, Independent Order of Odd Fellows, last evening was devoted to making plans for a state home for aged and indigent Odd Fellows and Daughters of Rebekah. Such a home will in all probability become a reality within six months.

The following trustees for the home were appointed, with power to act: Grand Master John Morley, Eureka; Deputy Grand Master Parley P. Christensen, Salt Lake; George Collingham, Sunnyside; H. G. Hayball, Logan; Eph. Homer, Provo, and Susan Watkins of Salt Lake and Emma N. Slott of Eureka for the Rebekahs.

The grand lodge left wide discretionary power with this committee, allowing it to select a site for the home, according to the resolution adopted yesterday.

The trustees have \$6,000 as a nucleus for the home fund. The resolution adopted by the grand lodge authorizes a per capita tax of 25 cents a term, or 50 cents a year, on all the Odd Fellows in the state, and 10 cents per term, or 20 cents a year, on all Daughters of Rebekah. This will bring about \$2,000 annually.

Tentative plans of the committee are to secure about twenty acres of fertile land suitable for truck gardening. The cottage plan seems to find favor with the committee, rather than putting a large sum into one building.

Pending the establishment of the home, the trustees were authorized to extend aid to indigent brethren. The Daughters of Rebekah, who met in another part of the Odd Fellows' building, heartily concurred in the home project.

Morley Grand Master.

Much of the time of the grand lodge yesterday was devoted to routine and

for you. That's why we want you to take CASCARETS for liver and bowels. It's not advertising talk—but merit—the great, wonderful, lasting merit of CASCARETS that we want you to know by trial. Then you'll have faith—and join the millions who keep well by CASCARETS alone.

secret matters. The same was true of the Daughters of Rebekah. Under the long-established rule that officers are elected by succession, strife and lodge politics are eliminated. John Morley of Eureka was raised to the exalted office of grand master of the state grand lodge; Parley P. Christensen of Salt Lake, deputy grand master; W. H. Brereton of Provo, grand warden; Rev. P. A. Simpkin, grand secretary; Rudolph Keiser, Brigham City, grand trustee, and Dr. F. C. Straup, Bingham, grand representative. The grand officers were installed at the afternoon session by W. J. Moore retiring grand master.

Grand Master Morley named the following grand lodge officers: Guy Lewis of Richfield, grand marshal; William Scott of Murray, grand conductor; James Hughes of Stockton, guardian; E. N. Jordan of Springville, grand herald; F. H. Cellvendra, of Highland, chaplain, and John Beveridge of Lehi, grand messenger.

After the installation an hour was given to congratulatory addresses. Then the grand lodge session for the year 1910 closed at 8:30 o'clock last evening, to meet again in Salt Lake next April.

A meeting of the Odd Fellows' home trustees will be called in a few weeks by Grand Master Morley to hear any inducements Utah towns may offer for the home.

The new officers installed by the Daughters of Rebekah are: Sarah Brown of Stockton, president; Jennie Burkard of Park City, vice president; Mary E. Sudheimer of Salt Lake, warden; Clara Moore of Salt Lake, secretary; Kittie Hines of Provo, treasurer.

Appointive officers were named as follows: Mrs. Lizzie Mackinson of Bingham, marshal; Mrs. Phoebe Davis of Tooele, conductor; Mrs. Laura Rompf of Murray, inside guardian; Mrs. Martha Kopman of Eureka, outside guardian; Miss Rosa Stewart of Sandy, chaplain.

BUILDS ROAD IN PERU

Alfred W. McCune Adding New Line to His Amazon and Pacific System.

Alfred W. McCune of Salt Lake, head of the Amazon Pacific railway, which is being built from Cerro de Pasco to Pucallpa, in Peru, and which will eventually establish through connections between the Pacific and the Atlantic coasts, has returned to his home after an eighteen months' absence. He will remain here until about June 1 and will then return to Peru.

In addition to the western line the eastern branch of the road will extend from Ancon at a point north of the city of Lima, to Goyllarisquiza, there connecting with the main line from Cerro de Pasco, and giving an unbroken railroad fully 500 miles in length, through the rich and fertile Peruvian country.

For building this railroad Mr. McCune has received concessions from the Peruvian government, which includes approximately 5,000,000 acres of land, and approximately \$25,000 per mile for the western, or Pacific, slope line, and about \$65,000 a mile for the eastern or other end to the great Amazon river.

The Cerro de Pasco railroad, built by Mr. McCune and associates, extends from Oroya, north to Cerro de Pasco, connecting at the former place with the Peruvian Central, operated by English syndicate, and which runs over the highest portions of the Andes.

CITY BREVITIES

TOTAL BANK CLEARINGS for Wednesday, April 20, were \$1,129,915.04, as compared with a total of \$1,304,176.16 for the corresponding day of last year, thus showing a decrease of \$174,261.12, or about 13 per cent. The falling off is said to be due to the light milking business at this time of the year in comparison with the amount of similar business at the same time last year. Daily clearings are generally well over the million dollar mark and the decrease is regarded only as momentary.

S. S. S. THE REAL CURE FOR SCROFULA

Scrofula is a blood disease manifested usually by an ulceration of the glands. It is almost entirely hereditary in its origin, being the seeds or dregs of some specific blood poison which has been transmitted, in modified form, to the offspring of diseased parentage. Where the blood is specially vitiated Scrofula attacks other portions of the system beside the glands, and we see its effects frequently in weak eyes, poorly developed bodies, running sores and ulcers, skin diseases like scaldhead, catarrhal troubles etc. While the young are the usual sufferers from scrofulous troubles, it is true that it is sometimes held in check until middle life is reached, or passed, and then, as the physical system begins to decline, older persons are attacked by the disease. S. S. S. is the one real and certain cure for Scrofula. It is a blood purifier without an equal and it cures this destructive blood poison by removing the germs from the blood and so enriching and building up the circulation that the disease can not remain. S. S. S. searches out every taint and impurity from the blood; it gives to the blood the richness and power necessary to the healthy growth of children, and it strengthens and invigorates the constitutions of older persons, by its fine tonic effects. S. S. S. is a purely vegetable medicine, perfectly safe for young or old. Scrofula being a blood disease can only be cured by a blood purifier like S. S. S. Book on the blood free to all who write and request it.
